

The Death Grip of Nicotine Addiction and Teen Vaping

**INNOVATIVE OUTREACH.
ENGAGING PARTNERSHIPS.
TRANSFORMATIVE OUTCOMES.**

Did you know that while the flavored tobacco ban in California is lifted until 2022 the tobacco industry stands to profit over one billion dollars a day (calmatters.org, 2021)? Join this informational session by Dr. Neeki, Chief Medical Officer at Arrowhead Regional Medical Center (ARMC). Dr. Neeki will introduce students to the harm that drug and nicotine use has on teen health and development.

Michael M. Neeki, D.O., M.S., FACEP
Arrowhead Regional Medical Center

Live Online Session

Date: 10/20/2021

Time: 9:00 a.m. PST
