Certificate available
upon
completion!

WORK READY SKILLS INCLUDE JOB HEALTH AND SAFETY SKILLS!

Learn how to teach 21st Century health and safety critical thinking skills using fun, participatory activities, with the Youth @ Work: Talking Safety curriculum available from the National Institute for Occupational Safety and Health (NIOSH).

Safety in the Workplace needs to be addressed by all work-based learning programs including CTE pathway courses. The State Superintendent's Career Ready Initiative, the Anchor Standards in the California CTE Model Curriculum Standards, and the Eleven Elements of High-Quality Work-Based Learning (AB2211) all direct teachers to cover this topic.

FOR MORE INFORMATION: Hestia Rojas, hestiaro@berkeley.edu

This workshop is brought to you by the California Department of Education (CDE), UC Berkeley's Labor Occupational Health Program (LOHP), and the College & Career Readiness/Tulare County Office of Education. If you require an accommodation for effective communication (ASL interpreting/CART captioning, alternative media formats, etc.) or information about mobility access features in order to fully participate in this event, please contact Diana Razo Diaz at dianarazodiaz@berkeley.edu with as much advance notice as possible and at least 7-10 days in advance of the event.

* May be shifted to virtual if required by the CDE.
